- USB 1.0 minimum for
optional foot switches
- Speakers/audio card for
metronome and tuning
- CD-ROM for installation
from CD, other options
available
- Available pre-installed on
selected eStand Systems

"The eStand will do for sheet music what the typewriter, word processor and desktop publishing did for the ink pen and paper. I believe it will ultimately dominate how musicians learn, compose, and perform their works."

*Itzhak Perlman
World-Renowned Violinist*
